[Chorus x2]
F
All God's creatures got a place in the choir,
C7                                  F
Some sing low and some sing higher,
Bb                                  F
Some sing out on the telephone wire
C7                                  F
Some just clap their hands their paws or anything they got now

F
Listen to the bass it’s the one at the bottom
C7                                  F
Where the bull frog croaks and the hippopotamus
Bb                                  F
Moans and groans at the big t’do
F     C7     F
And the old cow just goes moo

F
The dogs and the cats, they take up the middle,
C7                                  F
Where the honeybee hums and the cricket fiddles,
Bb                                  F
The donkey brays and the pony neighs,
F     C7     F
And the old gray badger sighs. –Oh!

[CHORUS]

F
Listen to the top with the little birds singing
C7                                  F
And the melodies, and the high notes ringing
Bb                                  F
And the hoot-owl cries over everything
F     C7     F
And the blackbird dis-a-grees
Singing in the night time singing in the day
And the little duck quacks and he's on his way
And the otter hasn't got much to say
And the porcupine talks to himself

CHORUS + PLAY THROUGH

It’s a simple song of living sung everywhere
By the ox and the fox and the grizzly bear
The dopey alligator and the hawk above
The sly old weasel and the turtle dove

CHORUS X2

Simplified tune for Play through
