

Jingle Bells Jamboree

C Struggling through the crowds, **F** Roaming round the town,
Dm **G** **G7** **C**
All the Christmas shopping – oh it really gets you down.
C **F**
Your corns and bunions twinge, your poor feet swell and ache
Dm **G** **G7** **C**
You clutch at awkward parcels till you feel your arms will break

C
Oh Jingle Bells Jingle Bells Join the jamboree
F **C** **D7** **G**
We're going Christmas Crackers in a mammoth spending spree Oh!
C
Jingle Bells Jingle Bells Money in the till
F **C** **G7** **C**
We're cashing in on Christmas; it's the Season of Goodwill

C **F**
2. It's murder in the shops; It's slaughter in the stores
Dm **G** **G7** **C**
You're squashed on escalators and you're mangled in the doors
C **F**
Yet you never feel the wounds and, while the battle's on,
Dm **G** **G7** **C**
They bleed you dry and then you cry, "Oh where's the money gone?" *Chorus*

C **F**
3. Some soap for Auntie Jane, a tie for Uncle Jack
Dm **G** **G7** **C**
We know he'll never wear it, but he buys us something back.
C **F**
And as for Cousin Fred....that's two years now he's missed
Dm **G** **G7** **C**
Where's your Christmas spirit Fred?.....Oh, cross him off the list *Chorus*

C **F**
4. We've spent so much this time....It's far more than we ought
Dm **G** **G7** **C**
It's not the gift that counts, of course, It's really just the thought.
C **F**
But they'd better buy for us something just as dear
Dm **G** **G7** **C**
If not, you bet, we shan't forget, When Christmas comes next year *Chorus*
