

For No One                      The Beatles

**G**                                      **Gmaj7**

Your day breaks      your mind aches

**Em7**                      **G**                                      **C**                                      **F**

You find that all her words of kindness linger on

**G**

When she no longer needs you

**G**                                      **Gmaj7**                                      **Em7**                                      **G**

She wakes up              she makes up      She takes her time

**C**                                      **F**                                      **G**                                      **G**

And doesn't feel she has to hurry      She no longer needs you

**Am**                                      **E7**

And in her eyes you see nothing

**Am**                      **E7**                                      **Am**                                      **E7**

No sign of love be - hind the tears cried for no one

**Am**                      **E7**                                      **Am**                      **D7**

A love that should have las-ted years

**G**                                      **Gmaj7**                                      **Em7**                                      **G**

You want her      you need her      And yet you don't believe her

**C**                                      **F**                                      **G**                                      **G**

When she says her love is dead      You think she needs you

You stay home      she goes out      She says that long ago

**C**                                      **F**                                      **G**

She knew someone but now he's gone      She doesn't need him

**G**                                      **Gmaj7**                                      **Em7**                                      **G**

Your day breaks      your mind aches      There will be times

**C**                                      **F**                                      **G**

When all the things she said will fill your head      You won't forget her

**Am**                                      **E7**

And in her eyes you see nothing
