BANKS OF OHIO

C          G7          C
1 I asked my love, to take a walk, to take a walk, just a little walk.
C          C7          F          C          G7          C
Down beside where the waters flow, down by the banks of the Ohio.
C          G7
And only say, that you'll be mine.
C
In no others arms entwine.
C          C7          F
Down beside where the waters flow,
C          G7          C
Down by the banks of the Ohio.

C          G7          C
2. I held a knife against her breast, as into my arms she pressed.
C          C7          F          C          G7          C
She cried, “My love don't murder me, I'm not prepared for eternity.”
And only say, that you'll be mine....

C          G7
3. I started home 'tween twelve and one,
C
criing my god, what have I done?
C          C7          F
Killed the on........ly woman I loved,
C          G7          C
because she would not be my bride.
And only say, that you'll be mine....
